being no services, the Louisa churches on that occasion. The spacious court room was completely filled with representatives from every church in the city and by persone who do not belong to any church or congregation. The preaching was done by the Rev. F. F. Shannon. The scripture lesson which was read by him began at the 22d verse of the 8th chapter of Luke and ended with the last one. The verse which formed the foundation of the sermon, the subject of which was "The Lordshir was based upon re told."

Dear Mr. Editor—I want to write you about "Anuric." I was very sick, could hardly be up; I was in bed most of the time. Had terrible pains in my kidneys and back, so much so that I had to scream sometimes when I was sitting down and wanted to get up, the pain was so great. I had tried a well-known it heard of Dr. Pierce's Anuric Tablets so I thought I would try them. I had tried a well-known it was so great. I had tried a well-known it was so great. I had trie was based upon four incidents which are told by Luke in almost succession. first of these incidents is the tempest which raged over the sez of Gal-ilee when the Man of Galilee was asleep in a litle fishing boat that some of the fishermen disciples had used in plying their vocation. In their ex-tremity they called upon the Master who said the word, the winds were ushed and the waters became still. No wonder they exclaimed in their asmishment at the transformation seen What manner of man is this, that even the winds obey."

Following very closely upon this wonderful incident came the scene from the country of Gadarenes. Here Christ saw a man posessed of so many devils that he was called Legion. Clothing could not be kept upon him and in its proper place were chains and shackles, it was in this condition that Jesus saw him, and in this condition he was when yielding to his entreaties the Man whom the wind and the waves obeyed ordered this host of devils or demons to quit their human habitation and enter the swine which in turn ran down into the sea and were drowned.

Then while Jesus pursued his way he came to a city where there was woman, who for twelve long years had suffered with what the Book says was an issue of blood. For twelve years she had borne this burden of disease, for twelve years she the aid of, as Mr.Shannon called them, the true physicans and the quacks of that country. Doubtless all had promised relief, but all had failed. Doubtless she had become impoverished through seeking relief from these doctors, true and false, and had become a burden upon her friends as well as a burden to herself. She also sought the Great Physician, this physician of souls to help her. The crowd doubtless jostled her against this divine healer and he said," Who touched "I only touched the hem of his garment and was made whole."

Once more this omnipant Man had an ccasion to use power. He had cominto a city where Jairus, the ruler, lived. His daughter had been very sick, hopelessly ill, and Jesus was be-sought to bring relief, to heal her who was beyond the help of mortals, and a few appropriate words. he went in obedience to the request to come, he was told, as many as earthly physician has been told concerning others, that he was too late, but Jesus was not an earthly helper. He entered the house where the maid-en lay dead. Bidding the crowd leave the room, he called to the spirit, which Church in this city one of the greathad left the body of the girl, to re-enter was needed. Note: This "Anuric" is adapted especially for kidney complaints and diseases arising from disorders of the kidneys and bladder, such as backache, weak back, rheumatism, dropsy, congestion of the kidneys, inflammation of the bladder, scalding urine and urinary troubles. The physicians and specialists at Dr. Pierce's great Institution, at Buffalo, N. Y., have thoroughly tested this prescription and have been with one accord successful in eradicating these troubles, and in most cases absolutely curing the diseased kidneys.

Patients having once used "Anuric" at Dr. Pierce's Invalids' Hotel, have repeatedly sent back for more. Such a demand has been created that Dr. Pierce has decided to put "Anuric" in the drug stores of this country, in a ready-to-use force.

non spoke very beautifully of the fact that the Savior called the girl's spirit to come again to her body. He said he thought that it showed conclusively that there is a house of many mansions, each one prepared from th beginning, for him or her who would live in it. The hastily written report of this, or any other of Mr. Shannon' sermons, utterly fails to do it credit They must be heard to be appreciated or even thoroughly understood. this occasion we will say, to show the fraternal spirit existing between various churches, that Rev. The Enchanted Universe

On the evening of Sunday, July 9th, to a congregation that completely filled the building, Rev. F. F. Shannon, of Brooklyn, N. Y., preached in the M. his subject in a manner at once scien ins subject in a manner at once scientific and simple. It could not help being scientific, but Mr. Shannon's
hands it was treated in such a way that
any one of ordinary comprehension
could not fall to see the beauty of
matter and to wonder why he had not seen it before. "And man became a living soul", this furnished ample food for the spiritual division of his sub-ject and it was treated in the most spiritual way possible. By this we mean that it was in the truest sense a spiritual dissertation, one which appealed purely to the spiritual part of the hearer. Mr. Shannon said that in spite of the revelation which had come from God to man there were persons yet in the world who prided themselves upon being infidels, or at least agnostics. Three of these were introduced by Mr. Shannon as the man wh selieved only what he could touch, and him he called Mr. Touch; anothe the man who only believed what he everything: the third was the mar yet when these three characters were placed upon the witness stand to tell what they had touched, and seen and heard, they proved themselves to such mere jesters that Mr. Shannor properly called them "Court Fools," secause forsooth when questioned very closely there was but very little really that they had seen, or heard or touched. Mr. Shannon said each had perjure himself. Over against these infidels the preacher placed what three statesmen-Prayer, Paith, Love These are qualities which when rightly used enable those who properly use them to see all, touch all, to know all that is worth the while. This is a mere sketch and a very imperfect one too, of this masterly effort made by a master builder of sermons worth. It was a discourse of bold originality, grand in its conception, fine in its delivery. The distinguished speaker closed his effort by the recital of the first two verses of the following beautiful poem;

The Beauty of the World.

(By William Brighty Rands.) saw the beauty of the world Before me like a flag unfurled The splendor of the morning sky. And all the stars in company I thought: How beautiful it is' My soul said: There is more than this

I saw the pomps of earth and birth The generations of the earth; I looked on saints and heroes crowned And love as wide as heaven is round. I thought: How wonderful it is-My soul said: There is more than this
